

examples.MinimizingFitness
FunctionCached.amountOfChange

```
graph LR; A["examples.MinimizingFitness  
FunctionCached.amountOfChange"] --> B["examples.MinimizingFitness  
FunctionCached.getNumberOfCoins  
AtGene"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'examples.MinimizingFitness' and 'FunctionCached.amountOfChange'. The right box has a white background and a black border, containing the text 'examples.MinimizingFitness', 'FunctionCached.getNumberOfCoins', and 'AtGene' on three lines. A blue arrow points from the right side of the left box to the left side of the right box.
