

org.jgap.ConfigurationTest.test
AddNaturalSelector_1

```
graph LR; A[org.jgap.ConfigurationTest.testAddNaturalSelector_1] --> B[org.jgap.JGAPTestCase.assertEquals]; A --> C[org.jgap.Configuration.getNaturalSelectors];
```

The diagram illustrates a call graph for the method `org.jgap.ConfigurationTest.testAddNaturalSelector_1`. This method is shown in a grey box on the left. Two blue arrows originate from its right side, pointing to two other method boxes on the right. The top arrow points to `org.jgap.JGAPTestCase.assertEquals`, and the bottom arrow points to `org.jgap.Configuration.getNaturalSelectors`.

org.jgap.JGAPTestCase.assertEquals

org.jgap.Configuration.get
NaturalSelectors
