

examples.island.IslandExample.main

```
graph LR; A[examples.island.IslandExample.main] --> B[examples.island.IslandExample.  
IslandExample];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray background and a black border, containing the text 'examples.island.IslandExample.main'. The right box has a white background and a black border, containing the text 'examples.island.IslandExample.' on the top line and 'IslandExample' on the bottom line. A dark blue arrow points from the right side of the left box to the left side of the right box.
