

Comparator

```
graph BT; A["org.jgap.util.ChromosomeFitnessComparator"] --> B["Comparator"]
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box representing the subclass, labeled "org.jgap.util.ChromosomeFitnessComparator". A vertical blue arrow points upwards from this box to a white box at the top labeled "Comparator", indicating that the subclass inherits from the superclass.

org.jgap.util.Chromosome  
FitnessComparator
