

org.jgap.impl.BooleanGene
Test.testGetPersistentRepresentation_2

```
graph LR; A["org.jgap.impl.BooleanGene  
Test.testGetPersistentRepresentation_2"] --> B["org.jgap.JGAPTestCase.assert  
Equals"]
```

A diagram showing a call from a test method to an assertion method. On the left, a gray box contains the text "org.jgap.impl.BooleanGene" and "Test.testGetPersistentRepresentation_2". A blue arrow points from this box to a white box on the right. The white box contains the text "org.jgap.JGAPTestCase.assert" and "Equals".

org.jgap.JGAPTestCase.assert
