

FitnessFunction

```
graph BT; A["examples.grid.evolutionDistributed.  
SampleFitnessFunction"] --> B[FitnessFunction];
```

The diagram illustrates a class inheritance relationship. At the bottom is a gray rectangular box containing the text 'examples.grid.evolutionDistributed.SampleFitnessFunction'. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top, which contains the text 'FitnessFunction'.

examples.grid.evolutionDistributed.
