

org.jgap.Genotype.mergeResults

```
graph LR; A[org.jgap.Genotype.mergeResults] --> B[org.jgap.Genotype.getConfiguration]; A --> C[org.jgap.Genotype.setPopulation];
```

The diagram illustrates a method call sequence. A central box on the left, labeled 'org.jgap.Genotype.mergeResults', has two blue arrows pointing to two boxes on the right. The top box is labeled 'org.jgap.Genotype.getConfiguration' and the bottom box is labeled 'org.jgap.Genotype.setPopulation'.
