The diagram illustrates a call to the `assertEquals` method from the `CompositeGeneTest` class. A gray box on the left contains the text `org.jgap.impl.CompositeGene` and `Test.testSetEnergy_1`. Two blue arrows originate from the right side of this box. The top arrow points to a white box containing `org.jgap.JGAPTestCase.assertEquals`. The bottom arrow points to another white box containing `org.jgap.BaseGene.getEnergy`.
